Introduction Letter

On behalf of our Management, we would like to express our gratefulness for giving us the opportunity to introduce our company - Since 2019, Builtron has been one of the fastest emerging IT Infrastructure Solutions Provider in the United Arab Emirates, covering a wide variety of industries across the country. Be it in Real Estate and Construction, Oil and Gas, Media and Telecommunication, Banking and Financial Services, Tourism and Hospitality, Government, Education, Retail and manufacturing, we provide a wide spectrum yet well-segmented ELV infrastructure solutions that complements the varying requirements of every business sector in providing ground-breaking IT services that empowers businesses and taking them on to the next level.

Builtron in their associated field of proficiency and capabilities now introduce their division totally focused on ELV. As a Technology flagship of Builtron deals in Total ELV solutions for building industry on "Turnkey" bases. For a smooth execution of these solutions, in a short span of time, Evolution has successfully built a team of competent Techno-Commercial professionals having pertinent qualification and rich experience of the cited earlier fields.

Starting from understanding the needs of a customer then transforming the same into the most cost effective, robust, reliable and durable solution to the concerned.

Looking forward to receive your valued enquiries at the earliest. Please don't be hesitated to contact us anytime.

Regards and many thanks,

Nizar Kinangattil
Managing Director

Developing **Secure Days..**

About Us

Developing **Secure Days..**

is the mission and vision of our well-established organization, **Builtron Security & Safety Systems Est.** Global economy depends on one or other way to the security nowadays and our company provide ultimate solutions to all industry requirements considering ethical and quality standards such as excellent Customer Service, 24X7 Client Support and significant technical advice. Our reliable products has been designed and developed with utmost exclusive focus and consistent technical improvements.

Builtron Security & Safety System assures valuable vow and committed guarantee to the security market thus to our clients. Our objectives are to meet the current and future security requirements ie quality security services in the field of Extra Low Current Systems such as CCTV, Access Control, Barrier Gates, Structural Cabling for Telephone & Data, SMATV, Public Address & Voice Evacuation System, Audio & Video Intercoms, Digital Signage Solutions, Guest Room Management Systems, Master Clock System, Nurses Call Systems, Fire Alarm Systems and Maintenance Service for all the Systems.

Our Vision

- To deliver customer's major and minor essentials for electronic security solutions.
- To ensure sustainable and profitable long-term growth.
- To promote client development.
- To provide safe working environment.

Our Mission

To dependably offer reasonable, top class security solutions to our clients while considering the value prospects of our investors and workforces.

Our Values

Veracity & Integrity

To dependably offer reasonable, top class security solutions to our clients while considering the value prospects of our investors and workforces.

Ethics & Fair-trade

Ethics & Fair-trade

We will be authentic, trustworthy, fair and straight forward in everything we do.
Social Responsibility

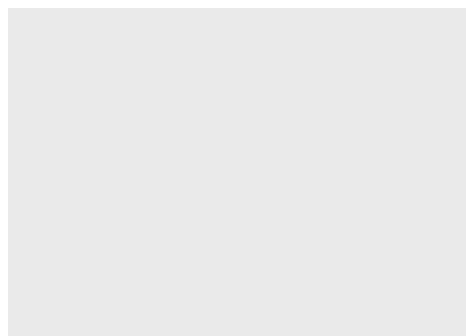

Our Products

Our products and services include end to end enterprise solutions ranging from

- Networking & Storage Solutions
- IT Consulting
- IT Security
- Planning and management services with professional support.
- Maintenance and disaster recovery solutions.

We deal with world class IT hardware, CCTV, Access Control System, Fire Alarm System, Public Address System, Audio Video System, Work Stations, Servers PDA's, Switches, Routers, Wireless Solutions, Structural Cabling, Fiber Optics Solutions and wide range of consumables.

What we do

Builtron has years of expertise and experience in designing, customisation and installation of a wide range of systems – from specific products to integrated turnkey services. We offer you cutting-edge solutions from the world's leading brands meeting your requirements and expectations.

Our Services

CCTV –IP and Analog System

Access Control – Stand Alone and Networkable

Gate Barrier

Vehicle Inspection System AUVIS

Structural Cabling for Telephone and Data

Networking & WIFI system

PABX for Telephone and IP Telephony

Video Intercom for Residential & Commercial

Public address & Voice Evacuation

Nurse Call Systems

AV for Auditorium & Multipurpose Hall

Smart Board System

SMATV System-(IF and RF)

IPTV

Guest Room Management System

Intruder Alarm System

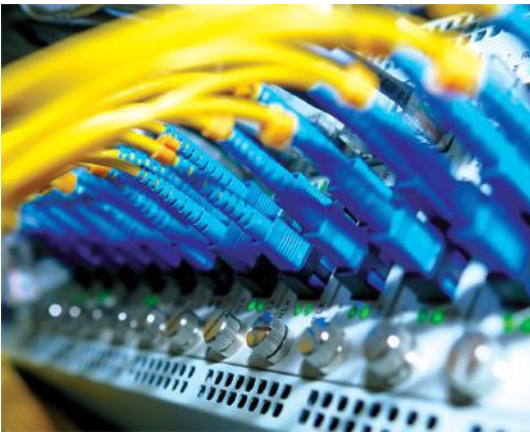

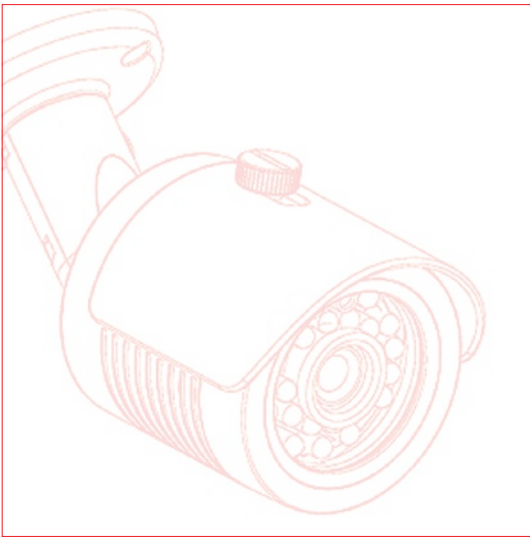

Over Temperature Alarm

Disabled Toilet Alarm

Exit & Emergency Light-Central battery System

Exit & Emergency Light-Self Contain System

Smart Board System

STRUCTURAL CABLING

- Innovative design and smart architectural tactics
- Professionally tailored for any topology
- Ideal for data centres, offices, hotels, schools, commercial and residential buildings

CCTV

- Security and surveillance
- People tracking
- Monitoring external and internal locations
- VVIP areas
- Car parking
- Common areas
- Payment kiosks/counters
- Cafeterias
- Other isolated locations

ACCESS CONTROL SYSTEM

- Free flow of authorised movements
- Prevention of unauthorised access
- Control on visitor movement in restricted areas
- Multiple access levels
- Security personnel access
- Issue visitor badges from central station
- Automatically generates alerts
- Escalation process to supervisors or security guard
- Preset time limits

CAR PARKING AND MANAGEMENT

- Restricted entry
- Easy management
- Security protection
- Prevention of illegal parking
- Control of traffic movement
- Free traffic flow
- Paid parking
- Revenue model

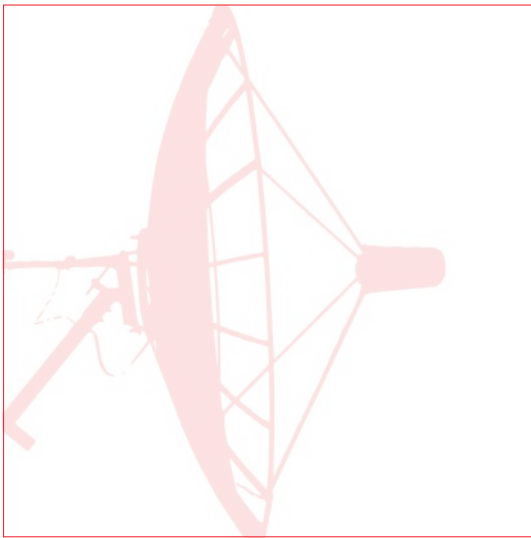

VOICE EVACUATION SYSTEM

- Voice evacuation mandated for life safety emergencies
- Voice evacuation mandated by local authorities
- Controlled building evacuation during a life safety event
- Alerting building occupants of imminent happening
- Voice evacuation system, building management or a building fire brigade can monitor evacuations when the alarm initially sounds
- Easy to manage building evacuation or occupant relocation during the emergency

HOME AUTOMATION

- Intelligent lighting controls
- Architectural dimming controls
- Artistic (DMX) lighting controls
- Wireless lighting management
- Efficient energy management
- Enhanced security
- Entertainment and convenience

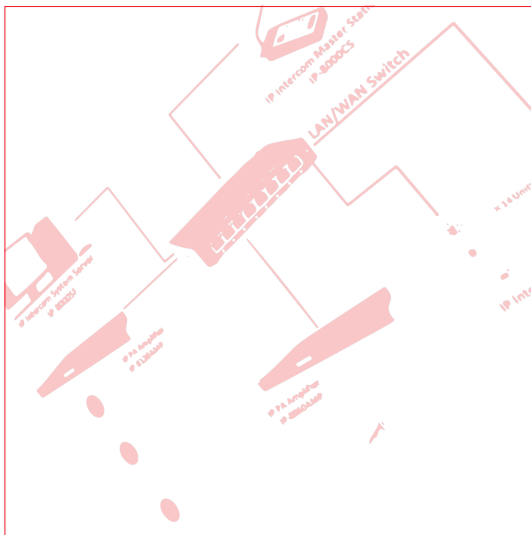

SMATV

- Live broadcast
- Direct satellite feed offering superior reception on all channels
- Custom and specialty programming for guests and tenants
- Stable and established private entertainment delivery
- Low maintenance cost and easy to operate
- The system, including installation, equipment, and programming, costs less than half of a traditional cable television system
- Job skills and management training
- New product briefings
- Entertainment for patients in wards
- Ideal for smart homes
- Free to air channels

INTELLIGENT HOTEL GUESTROOM CONTROLS

- In-room lighting management
- Air-conditioning control
- Do Not Disturb (DND)
- Bedside controls
- Efficient energy management
- Reliable security
- Entertainment and convenience

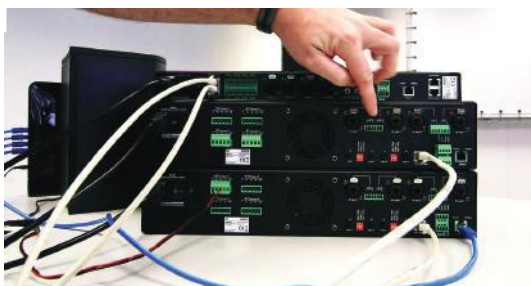

INTERACTIVE TV FOR HOSPITALITY

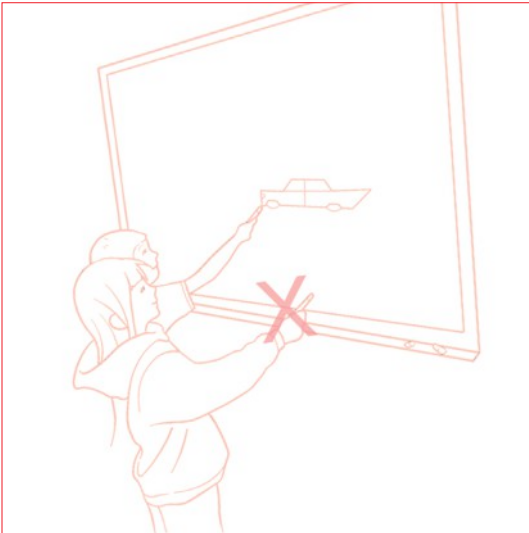

- Display of interactive information about the venue
- Display of advertisements and commercials
- Program guide
- Video-on-demand
- Personal video recorder
- Internet-on-TV and enhanced TV
- Controlled advertisements

BGM, PA SYSTEMS AND VOICE PAGING

- Playing live audio and music
- Easy facility-wide communication via public address for emergency and general announcements
- Customised tones to communicate special alerts
- Adjustable speaker volume levels to suit different areas
- Variety of speaker styles to complement facility.
- Paging functionality
- Locating people away from their desk
- Playing voice evacuation messages

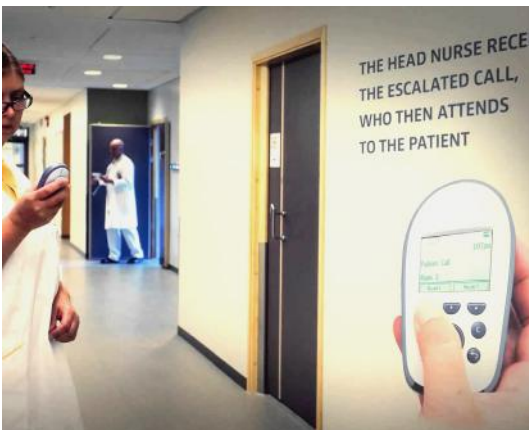

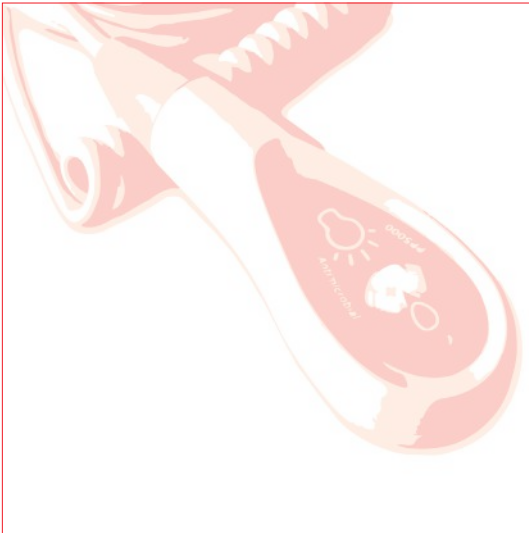

TIME AND ATTENDANCE

- Improvement of employee productivity
- Replacement of all manual time sheet calculations, overtime, shift
- Reduction of employee grievances
- Restriction of unnecessary overtime
- Elimination of manual payroll errors
- Reduction in time required to schedule employees
- Elimination of preparation, collection, filling and storage of timecards
- Reduction of payroll processing time
- Elimination of the need to calculate vacation, sick, or compensation
- Identification and elimination of time abuses (break, meal, buddy punching, etc.)
- Increase in productivity, efficiency and profitability

SMART BOARD SYSTEM

- Streamline your classroom with a fully integrated system
- True multi student collaboration and small group learning
- Encourage critical thinking & problem solving
- More responsive touch technology
- HD displays that are able to handle the most demanding media centre presentations
- Cutting edge software that allows you to achieve more in less time

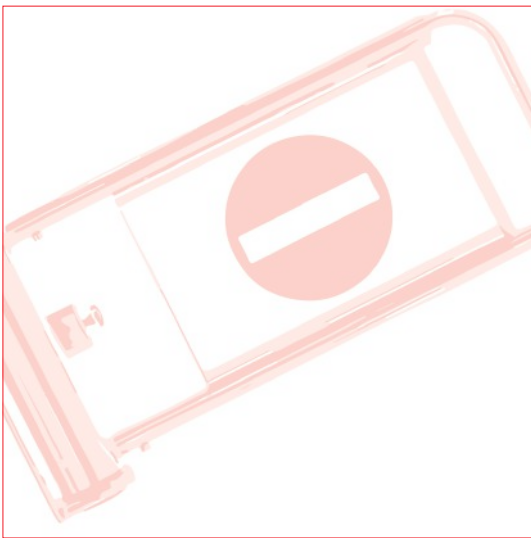

MASTER CLOCK SYSTEM

- GPS traceability
- Easily scalable
- Time zone offset option
- Analog/impulse clocks
- Time and date
- Digital, analog and video displays
- GPS, NTP, modem and crystal timebase accuracy
- NTP, SMPTE/EBU, IRIG, ASCII and ESE time code outputs
- Ideal for distant learning, tele-conferencing, public safety
- Suitable for government/military installations, financial institutions
- Suitable for broadcast centres and video courtrooms

NURSE CALL SYSTEM

- Increases safety and comfort of patients and residents
- Optimises work of nursing staff
- Care work management
- Sensors for door/window, movement, smoke and water leakage
- Alarm warning through public address speakers
- Can control lighting, air-conditioning or any other installation
- Includes in/out connections

PERIODIC BELL SYSTEM

- Programmable bell controller synchronised to network time (NTP)
- Industrial or institutional bell ringer system
- Circuits may be scheduled independently
- Schedule in 12 or 24 hour format
- Low power consumption and high decibel rating
- Indoor or outdoor use -400 to 1500 F (-400 to 660 C)

GATE BARRIERS

- Standalone gate barrier and secured entrance parking system
- Parking management system
- Parking guidance system
- Automated bollards
- RFID parking control system
- Automatic number plate recognition (ANPR) system
- Parking counting system
- Valet parking solutions

FIRE & SAFETY SOLUTIONS

- Fire Alarm System
- Detection System
- Public Address & Voice Evacuation System
- Central battery system
- Monitored Self-contained Emergency and Exit lighting
- Aspirating Smoke Detection Systems
- Fire Fighting Solutions
- Fire Suppression and Extinguishing (Gas)

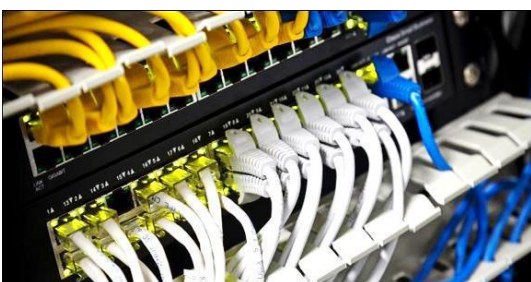

Digital and IT SYSTEMS

- Digital Signage System
- Real Time Management System
- Queue management system
- Timed Pray Solution System
- Video Wall Solutions and Audio Visual System
- Server Solutions
- Wifi Solutions

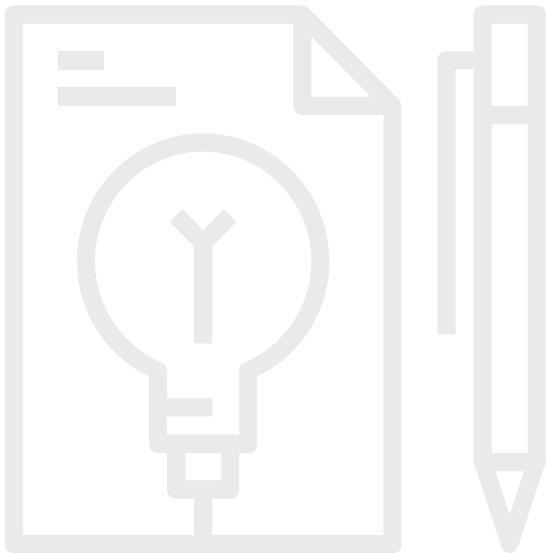

PABX

- Digital, IP and Hybrid PABX systems
- Solutions from Panasonic, NEC and Avaya
- Complimentary services like voice mail, auto attendant, telephone billing, call recording systems
- Automatic call distribution (ACD) based on agent skills, call priority, etc.
- Interactive voice response (IVR)
- Outbound dialers (including manual and predictive dialing)
- Central administration of all contact centre activities and agents
- Contact/call centre dashboard displaying real-time data
- Extensive reporting, call recording and call history for each telephone station

DATA NETWORK

- Full solution for core switch and data networking switch
- Network configuration and IT support
- Centralised IT network monitoring and management
- WAN and LAN services and design
- Full wireless access solution and WAP server/controller
- Server management
- Data storage and recovery
- Bridging wireless network infrastructure

REVIEW COMMENT SHEET

Reference. No. [Rev]	MPB-M4C-PW-OX-MT-00002	01	Date	23 June 2023
Project Name	Masdar Park and Buildings	Contractor	M4 CONTRACTING SARL	
Subject	MATERIAL SUBMITTAL FOR ACCESS CONTROL SYSTEM – BUILTRON SECURITY AND SAFETY SYSTEM			
Area	Project Wide	Doc. Type:	Material Submission	

RESPONSE SUMMARY

AECOM Comments:

Electrical:

1. Add quantity of each component to the attached BOQ list. Noted – the proposed number of cards (50nos.) subject to client approval
2. Supplier shall undertake that the system shall be able to simultaneously operate multiple access card technologies, including Mifare Classic, Plus, Ultralight and DESFire, HID, Nedap, EM Marin, Hitag, Access cards using 2.45 GHz, and UHF. No technical objection to operate only Mifare technology subject to client approval and cost saving.
3. Finishing colour and design of the cards shall be subject to client approval and final selection Noted
4. Special boxes for reader installation shall be provided by the supplier along with material delivery to site. Noted
5. Card readers shall support RS485 and OSDP. No objection for the proposed reader with Wiegand communication subject to client approval. Noted subject to client approval
6. The controller shall be able to drive up to 16 proximity readers. No objection for the proposed controller capacity of 8 doors subject to cost saving. Noted subject to cost saving
7. All statements “Comply” and “Comply as Noted” shall be substantiated by relevant document or data sheet. Page# shall be indicated and relevant paragraph/specs shall be highlighted Noted
8. All complied statements shall be verified during the installation and testing of the system. Contractor will be fully and sole responsible for any deviation not highlighted in the material submittal Noted
9. The panel shall be UL-Listed Noted. Test report shall be provided along with material delivery to site
10. Method statement for installation and testing of the system shall be submitted separately for Engineer’s review. Noted

All Attached data sheets shall be stamped by Supplier and Manufacturer.

REVIEW COMMENT SHEET

Reference. No. [Rev]	MPB-M4C-PW-OX-MT-00001	02	Date	09 September 2023
Project Name	Masdar Park and Buildings	Contractor	M4 CONTRACTING SARL	
Subject	MATERIAL SUBMITTAL FOR CCTV SYSTEM - BUILTRON SECURITY AND SAFETY SYSTEMS			
Area	Project Wide	Doc. Type:	Material Submission	

RESPONSE SUMMARY

Electrical:

NOTE: As per the Client instruction, the proposed CCTV system is submitted as per ADMCC requirements and matching the approved CCTV submittal of the park in terms of brands and client vendor list.

1. It is noted that proposed material is not complying with attached MASDAR Specifications.
[Contactor Reply:](#) Our proposal as per ADMCC.
[AECOM Reply:](#) Contractor to substantiate his proposal by official approval from the client.
2. It's noted that CCTV resolution is not matching Park Package, M4 to clarify.
[Contactor Reply:](#) For park they provided 8 MP camera as it is external for long coverage and as per ADMCC for indoor it is required only 2MP and we provided 2MP.
[AECOM Reply:](#) Contractor shall follow Park Package. Reduction of MP is not accepted unless approved officially by the client.
3. It's noted that proposed cable by M4 (CAT 6A) is lower than Park Package (CAT 7) considering that relying on specification is valid due to full deviation. M4 to clarify.
[Contactor Reply:](#) Our proposal Cat6A as per ADMCC and considering Indoor installation.
[AECOM Reply:](#) Contractor to substantiate his proposal by official approval from the client.
4. Proposed UPS brand by M4 (ExTell) is not matching Park Package (Riello). M4 to clarify.
[Contactor Reply:](#) ANC proposed Riello and our proposal is DATWYLER with CO from EU Union and the model is comparable to the quality of Riello.
[AECOM Reply:](#) No objection for DATWYLER subject to approved UPS calculations.
5. The proposed cameras are from Henwha-Techwin, whereas the approved cameras in the park are from Henwha-Vision. Contractor to provide a letter stating that all the cameras (Techwin and Vision) are manufactured in the same factory.
[Contactor Reply:](#) ANC also proposed Henwha-Techwin, but to be noted that manufacturer is changing brand as Henwha-Vision
[AECOM Reply:](#) Noted.
6. Proposed screens brand and specifications by M4 (Dell) is not matching Park Package (Samsung). M4 to clarify.
[Contactor Reply:](#) Proposed is 65" SAMSUNG VIDEOWALL.
[AECOM Reply:](#) No objection subject to client approval.
7. Network controller SPC-2000 shall be provided as per CCTV approved submittal of the park.
[Contactor Reply:](#) Not required as per ADMCC. Moreover we are not proposing PTZ cameras.
[AECOM Reply:](#) Contractor's reply not accepted and shall be substantiated by official approval from the client.
8. The proposed cameras having different models from the approved ones in the park. Subject to ADMCC approval
[Contactor Reply:](#) Park provides only outdoor camera but we proposed outdoor and indoor as per ADMCC.
[AECOM Reply:](#) Contractor to substantiate his proposal by official approval from the client.
9. This is conditional approval subject to review and approval of ADMCC.
[Contactor Reply:](#) Noted.

- AECOM Reply: Noted.**
10. Samples of CCTV system and Mockup shall be presented for client review & approval.
[Contactor Reply: Will be provided.](#)
AECOM Reply: Noted and subject to client approval.
11. The attached warranty certificate is not accepted. It shall be detailed and indicating all system's components such as software, workstations, operator monitors, etc.
[Contactor Reply: Detailed warranty certificate will be provided during closeout.](#)
AECOM Reply: Draft copy shall be included in the material submittal.
12. Hardware & Software shall be from approved client vendor list.
[Contactor Reply: Supplied as per ANC submission, ADMCC requirement and attached proposed material list.](#)
AECOM Reply: Noted and subject to client final approval.
13. Technical compliance with ADMCC final regulations shall be provided.
[Contactor Reply: Attached.](#)
AECOM Reply: Noted.
14. Hardware such as Cameras, Poles, Switches, UPS, Workstation, VMS, NVR, Enclosures & software shall be from same manufacturer for both projects (Parks & Buildings).
[Contactor Reply: Proposed as per ADMCC and ANC submissions.](#)
AECOM Reply: Noted and subject to client final approval.
15. NVR storage and UPS calculations shall be included in the submittal.
[Contactor Reply: Attached.](#)
AECOM Reply: Calculations shall be for approved type of cameras matching Park.
16. CCTV integration for (Buildings & Parks) shall be from one integrator.
[Contactor Reply: Noted, integration will be by infrastructure contractor.](#)
AECOM Reply: M4 and ANC shall coordinate properly for integration of both systems.
17. Integration of both projects (Buildings & parks) with one system which shall be by approved ADMCC integrator.
[Contactor Reply: Noted.](#)
AECOM Reply: Contractor to ensure that the integrator approval will be valid during ADMCC inspection.
18. All major product conformity reports, certificate of origin, bill of lading & routine test to be provided with MIR.
[Contactor Reply: Noted.](#)
AECOM Reply: Subject to MIR approval.
19. Final quantity of material shall be as per Approved AMDCC shop drawings.
[Contactor Reply: Comply.](#)
AECOM Reply: Noted and Subject to final inspection approval by ADMCC.
20. Mockup Installation to be provided on site after sample approvals from client.
[Contactor Reply: Noted.](#)
AECOM Reply: Subject to inspection approval.
21. MSRA should be provided before installation, attached one is wrongly attached for another project.
[Contactor Reply: Will be provided.](#)
AECOM Reply: Noted.
22. Contractor is fully responsible for ordering and installation of CCTV System as per client requirements & ADMCC specification.
[Contactor Reply: Noted and will be complied.](#)
AECOM Reply: Noted.

Subject : Authorization Letter

Dear Sir / Madam,

On behalf of Consolidated Technology, we are pleased to extend warmest greetings to you and your organization. We thank you for choosing innovative and revolutionary PLENA Matrix Digital Sound System from Bosch.

We, as Bosch Security System Dealer, authorize M/s BUILTRON Security and Safety Systems LLC to execute the installation and configuration of Bosch Background Music System proposed for the above-mentioned project. Based on the business understanding, we will provide technical support to M/s BUILTRON Security and Safety Systems LLC for the successful accomplishment of this prestigious project.

Should you require any additional information, please feel free to contact us.

Yours Sincerely,

For Consolidated Technology LLC,

Prem Kumar
